

Clinical Research Fellowship in Obsessive Compulsive and Related Disorders

Description of the fellowship opportunity:

The learning objectives of the Fellowship are to obtain expertise in clinical psychiatry focused on obsessive compulsive and related disorders and anxiety disorders, as well as clinical neuroscience research experience in obsessive-compulsive and related disorders and eating disorders. The Clinical Fellow will develop skills and expertise in clinical assessment, diagnosis, and treatment of adults with obsessive-compulsive disorder (OCD), obsessive-compulsive related disorders (in particular, body dysmorphic disorder), tic disorders, and anxiety disorders by conducting structured interviews, psychometric ratings, and clinical study visits.

As well, the Clinical Fellow will gain experience and develop skills in clinical neuroscience research. Depending on the Fellow's interests and research background, this can include research diagnostic evaluations and psychometrics, functional (fMRI and EEG) and structural (diffusion-weighted imaging and morphological analyses) neuroimaging; advanced multivariate, multimodal, and computational analytic approaches; and the development and testing of novel digital tools to measure body image.

This Fellowship will provide opportunities to work in multidisciplinary clinical and research teams. The Fellow will have opportunities for clinical and research presentations, scientific discovery, analyses, and manuscript publication.

This opportunity duration is for 2 years. This is a clinical position with additional research activities. Clinical activities will occur at 100 Stokes St. and research duties will occur at 250 College St. The ratio of clinical to research activities can range from 50:50 to 80:20, depending on the candidate's interests/goals and prior research experience.

Training start date:

Fellowship training should start on **July 1 annually** if possible, to align with the new academic year. However, alternative start dates may be negotiated in consultation with the fellowship supervisor (see below) & Psychiatry Fellowship Program (psych.fellows@utoronto.ca).

Stipend availability:

Candidates selected for the Clinical Fellow opportunity will be provided with a stipend of \$85,564.01 CAD/annum. Sponsored* and self-funded candidates are also eligible to apply (For more information, see: <https://psychiatry.utoronto.ca/apply-fellowship-program>).

* Sponsored candidates are applicants from the following countries whose governments have official postgraduate medical training agreements with the University of Toronto: **Bahrain, Kuwait, Oman, Qatar, United Arab Emirates, and Saudi Arabia.**

Note: Sponsored candidates must have already initiated an application on the University of Toronto's **Sponsored Trainee Application Registry (STAR)**. For more Information, contact the University's postgraduate medical education (PGME) office at: pgme.international@utoronto.ca

Application Process

Candidates must review the University of Toronto Psychiatry Fellowship Program's application requirements carefully **before** initiating an application. Internationally trained applicants may be asked to provide **English proficiency test results** at the time of application. To learn more, see:

<https://psychiatry.utoronto.ca/apply-fellowship-program>

Interested candidates are invited to submit their updated **CV**, copies of their **MD** and **specialty certificate***, a **letter of intent** detailing their interest in this opportunity and how it aligns with their career goals, as well as the contact information of **3 references** one of whom being their Residency Program Director. Reference letters must be received by the above-listed deadline. Other requirements may apply - see below.

** In lieu, current domestic residents can submit a letter of good standing indicating their anticipated graduation date from their residency program*

Application period:

Applications will be accepted between **Feb. 24–May 24, 2025**, on the Psychiatry Fellowship Program's application platform: <https://documents.med.utoronto.ca/Forms/FellowshipsApplication>
