1 Rotation order shown is a sample. All PGY1s have 1 month of Ground School in July but the following rotations may appear in a different sequence. Grey shaded rotations denote on-service/psychiatry rotations, non-shaded rotations = off-service.

2 MSH does not have a home Psych ER service. MSH home-site residents complete both Psychiatry ER rotations at CAMH.

3 All residents complete one Psych ER block at CAMH in addition to Psych ER at their home site.

4 Outpatient Experience is an once weekly, half-day experience in PGY1. Timing and day of the week will depend on each site.

5 EPAs: PGY1s are encouraged to attempt at least 1 EPA per week. Residents can always do more if they can. You do not have to be rated as entrusted on every EPA.

6 ITARs: In-Training Assessment Reports are the end-of-rotation assessment reports and are completed by the resident’s primary supervisor via POWER. Supervisors are typically assigned by your home site administrator.

7 Self-Reflection Form: Residents must submit this mandatory form prior to each Psychiatry Competence Subcommittee review. This is typically done in Oct & Apr. Residents will be notified ahead of time regarding deadlines.

8 COPE Exam is offered online, once a year and is typically written in the Fall, however, the timing of the exam is subject to change. Residents will be emailed before the exam becomes available with instructions on timelines and access.

9 **AHD = Academic Half Day** occurs Wednesday mornings from 9am to 12pm. The AHD includes the PGY1 General Psychotherapy Seminar Series which occurs every Wednesday from 8am to 8:50am. For more details, refer to PGY1 Core Curriculum Schedule on Quercus > PGY1-S Schedules and Documents > Curriculum Schedules.

10 **Coaching:** Each resident is assigned a CBD Coach. The program recommends residents connect with their coach every 2 months. The frequency of meetings can be titrated up or down based on the needs of the resident. The purpose of these meetings is to help the resident navigate any issues within the program, to review assessment data such as ITARs, EPAs, etc., and to help the resident make connections in areas of interest.

11 **The Psychiatry Competence Subcommittee (PCS)** meets twice a year in the Fall and Spring to review resident progress in the program. Prior to each review, we will collect various assessment data including ITARs, EPAs, Self-Reflection form, etc.
