Psychiatry
UNIVERSITY OF TORONTO

Fellowship in Mental Health in Ambulatory Geriatrics and in Respiratory Disease

Description of the fellowship opportunity:

This 1-year (renewable) fellowship will focus on the assessment, diagnosis and management of mental health conditions in community dwelling older adults with an emphasis on the collaborative care management of co-occuring physical and mental health in the respiratory population and management of late life mental health conditions including cognitive disorders. Two days of training will be at the CAMH Geriatric Mental Health Outpatient Services and two days of training will be at West Park Healthcare Centre Respiratory Medicine providing mental health consultations and follow-up. Minimum One day will be dedicated to academic activities including a collaborative project between CAMH and West Park Healthcare Centre and related to mental health in respiratory diseases. This fellowship is open to domestic applicants who have or are completing a residency in general psychiatry and international applicants who have acquired certification as psychiatry specialists. Interest in collaborative care is an asset.

Training start date:

Fellowship training should start on **July 1 annually** if possible, to align with the new academic year. However, alternative start dates may be negotiated in consultation with the fellowship supervisor (see below) & Psychiatry Fellowship Program (psych.fellows@utoronto.ca).

Stipend availability:

Psychiatry fellows must receive a minimum stipend of $85,000 CAD/annum annually for a full-time training position. Sponsored candidates are welcome to apply.

***** Sponsored candidates are applicants from the following countries whose governments have official postgraduate medical training agreements with the university of Toronto: **Bahrain, Kuwait, Oman, Qatar, United Arab Emirates**, and **Saudi Arabia**.

Note: Sponsored candidates must have already initiated an application on the University of Toronto's **Sponsored Trainee Application Registry (STAR)**. For more Information, contact the University's postgraduate medical education (PGME) office at: pgme.international@utoronto.ca

Application Process

Application period:

[Keep in mind that selected candidates must also secure a clinical fellowship appointment with the Department of Psychiatry. The registration processing timeline for a clinical fellowship appointment is 3 months from the receipt of all required documents to the prospective start date for domestic applicants. For international applicants the timeline is 6 months, to account for the applicable licensure/work permit applications as well as other university/training site requirements. Consequently, the recommended application period for a July 1, 2027 start date is **Oct. 1 – Nov. 30, 2026**.]

Applications to this opportunity for entry in the **2027-28 academic year** (July 1 academic session) will be accepted between **Oct. 1, 2026 – Nov. 30, 2026** on the Psychiatry Fellowship Program's application platform:
https://documents.med.utoronto.ca/Forms/FellowshipsApplication

Interested candidates are invited to submit their updated **CV**, copies of their **MD** and **specialty certificate***, a **letter of intent** detailing their interest in this opportunity and how it aligns with their career goals, as well as the contact information of **3 references** one of whom being their Residency Program Director. Reference letters must be received by the above-listed deadline. Other requirements may apply - see below.

***** *In lieu, current domestic residents can submit a letter of good standing indicating their anticipated graduation date from their residency program*

Candidates must review the University of Toronto Psychiatry Fellowship Program's application requirements carefully **before** initiating an application. Internationally trained applicants may be asked to provide **English proficiency test results** at the time of application. To learn more, see:
